

H. L. A. CULMER HAS "SEE AMERICA FIRST" EXHIBIT.

It is doubtful if there is a more attractive window in the city these days than that filled with the paintings of H. L. A. Culmer on First South street.

Some of the paintings in this window make a strong plea for the "See America First" movement that is now gaining such headway in the west.

There are wonders set forth in this window never dreamed of by the ordinary tourist who rushes across the continent. They are gathered from spots rarely approached by the foot of man.

A peep into this window is like visiting a picture gallery. The paintings displayed yesterday were: 1. Grand Gulch; 2. Giant Cottonwoods in Grand Gulch; 3. The Forest Brook in Big Cottonwood; 4. Indian Summer; 5. Early Autumn; 6. Mountain Side; 7. Desert

Sentinel; 8. Indian Park; 9. Maguel Park; 10. The Rocky Mountains; 11. Fantastic Rocks; 12. Looking-glass Rock; 13. Pacific Coast, Monterey; 14. Zion Valley; 15. Florence-Cascado; 16. Moonlight; 17. Mountain and Field.

SNARLED IS THIS DOMESTIC KNOT

Mrs. August Fishroff, Alleged Bigamist, Says She Was Duped.

"WIFE" AFTER DIVORCE

STORIES VARY WITH CHANGES OF CLIMATE.

Mrs. August Fishroff of Great Falls, Mont., but more recently of Butte, is in Salt Lake for the alleged purpose of untangling a few matrimonial snarls which circumstances and the courts have wrought. After an interview with Mrs. Fishroff had with Deputy County Clerk David A. Smith yesterday afternoon, it is not clear whether there will be less or more knots when Mrs. Fishroff completes her investigation in this city.

"I want to know if August Fishroff ever got a divorce here." Mrs. Fishroff speedily ascertained that August had obtained a divorce from her Oct. 13, 1904, on the grounds of desertion. Then Mrs. Fishroff said that she had never been notified; knew nothing of it until a few days ago; it didn't look good to her; and—fury—she had been living with Mr. Fishroff as his wife six or eight months after the decree had been granted.

The Herald's Butte correspondent wired last night that she was married to William Young in Butte last March and was subsequently arrested on his complaint for bigamy; she claimed at the time of her arrest to have been divorced from Fishroff; that the bigamy charge had been dropped on the understanding that she would depart from Butte.

Falls with her husband. She brought suit against him for divorce while they lived in Great Falls, but decree was denied. She was married to William Young in this city last March and Young discovering that she was not divorced caused her arrest for bigamy. She insisted then that she was divorced from Fishroff. The case against her was dismissed in the district court here and she was ordered to leave the city.

Mrs. Fishroff's story, somewhat contradictory to the Butte dispatch, is that Fishroff came to Salt Lake from Great Falls about four years ago, and that, at that time, she refused to join him as her home was in Montana. She said Fishroff never hinted at a divorce and that he joined her in Chicago six months ago, saying never a word about the decree rendered here.

REMEMBERED HIS WIFE.

Will of Peter Lorillard Ronalds Filed for Probate.

New York, Dec. 16.—The will of Peter Lorillard Ronalds, the noted whip and known as the father of American coaching, who died in October last, was filed for probate today. The will makes provision for the widow, Mary Frances Ronalds, who had been separated from Mr. Ronalds for many years; his children, Mrs. Fannie F. Ritchie, Pierre Lorillard Ronalds and Reginald Ronalds and also for Elizabeth N. Blake, who for eighteen years nursed and cared for him and Gustavus Blake.

No estimate is made as to the value of the estate, although it is believed to be large. Mrs. Ronalds and her daughter, Mrs. Ritchie, have been residents of London for years, and have executed waivers of citations upon them, so that there may be no further delay in the probate of the will. As to the widow the will says: "In case my present wife shall survive me, I authorize my said executor to agree with her upon an allotment in her favor for her life of such portion of my estate as shall, in their judgment, represent the interest which she shall be legally entitled to in my property."

PRESS BUREAU IS ABOLISHED

Continued From Page 1.

Mr. Hale spoke of the difficulties in dealing with a single position in legislation, and as the committee on appropriations had been a unit as to the undesirability of the system inaugurated in Mr. Bishop's case. He added: "I am authorized to state, and I state here, that this view of the committee on appropriations and of I believe, every senator here, that it is improper and useless and leads not only to no good results, is recognized by the administration and that hereafter the secretary of the commission is to be given administrative duties so that the whole machinery of the press bureau is to be discontinued."

Mr. Culbertson expressed the hope that Mr. Bishop's salary would also be reduced. Mr. Hale said he had been given no authority to speak on that point. That would be a matter of future legislation. Indefensible in Law Mr. Culbertson expressed the opinion that the method of securing control on the isthmus under the shadow of law and infamous in morals. He called attention to the fact that while the original estimate for the complete construction of the canal has been \$148,000,000, there had already been expended no less than \$75,500,000. Of this amount, he said, \$19,000,000 had been paid to the contractors who, under the shadow of the capitol in Washington, had planned the Panama revolution. Speaking of the salaries paid in the canal work, he said that he had been told that they were extravagant, but he was not prepared to agree that there had been an attempt to place these salaries on the same basis as the salaries paid by the large insurance companies. Speaking of these companies, he said: "They are the greatest aggregation of lordly thieves and unscrupulous perjurers this age has yet developed. They invade all fields; they traffic in political influence without regard to party lines; they are the shadow of wares on his shelves. They have invaded the sanctity of legislatures, state and national—and one of the most humiliating circumstances connected with the whole business is the fact that they found a Democrat on whom they fastened their graft at 25 per cent of the amount required to secure the services of a Republican for the same work."

NORTH COAST LIMITED HELD UP

Two Masked Men Capture Northern Pacific Train.

BOTH SAFES DYNAMITED

AMOUNT OF PLUNDER SECURED UNKNOWN.

SPOKANE, Wash., Dec. 16.—North Coast limited express No. 1, west-bound, was held up and robbed fifteen miles west of North Yakima, Wash., at 7 o'clock tonight. Two masked men compelled the engineer to stop the train and run the locomotive, mail and express cars half a mile west of the balance of the train. They dynamited the express car, scattered the through and local safes and decamped with the contents.

The amount of plunder obtained is unknown. The contents of the through safe are known only at terminal points, the messenger not being in possession of the information. No report was received tonight as to the contents of the local safe, but it is declared to have been light as the train does comparatively little local business.

Posses in Pursuit. The sheriffs of Yakima and Kittitas counties have posesses in pursuit of the bandits. Passengers were not molested and no one was injured. No report was received as to shots being fired. No. 1 passed Spokane at noon today en route to the south. Engineer George W. Howe was in charge of the locomotive west of Spokane, with Conductor Jesse Huxtable in charge of the train. At Hillsdale station, fifteen miles west of North Yakima, two men climbed over the under and entered the express car and presented guns at the heads of the engine crew. The train was stopped at the command of the robbers. Then the engine, tender, express and mail cars were cut off, run down the track and stopped. One man stood guard over the train crew while the second attached explosives to the express car doors. Both were blown from their fastenings.

ROBBED BOTH SAFES.

The bandits attacked both safes in the express car. One is known as the "through" safe and is built into the car at the shop. Its contents are locked up at the point of departure and only removed at the terminal. The strong box was shattered and its contents removed. The nature and extent of the plunder secured in the through safe is not known to the local officials of the Northern Pacific. The local safe, to which the messenger has a key, was opened and its contents taken. It is stated that these were of trifling value.

Reports received at the general offices of the Northern Pacific state that both men were masked and heavily armed. They were of medium height, inclined to be slight in build, wore black hats and carried such valuables as one man's overalls were badly torn. On releasing the trainmen, both robbers went in the direction of North Yakima.

KING CARLOS ENTERTAINED

Monarch of Portugal the Guest of Ambassador and Mrs. McCormick at Paris.

Paris, Dec. 16.—The American embassy was the scene of a brilliant reception tonight when King Carlos of Portugal was the guest of honor of Ambassador and Mrs. McCormick. The embassy was beautifully decorated for the occasion, the corridors and salons being filled with flowers and plants. The party proceeded to the reception salon where they were received by Ambassador McCormick and Mrs. McCormick. King Carlos was most gracious and chatted at length with his host and hostess and mingled democratically with the guests. Charismatic Tower, the American ambassador to Germany, and Amos, Captain Pinto Bastos, Count and Countess Constant-Biron, Count and Countess D'Hassonville, Count and Countess de Casseville, Prince and Princess Amadeo De Broglie, Mrs. Carroll of Baltimore, Mme. Andre and Mrs. Laismann, wife of the American minister to Turkey, were among the guests.

INFERNAL MACHINE FOUND

Deadly Dynamite Placed in a Train on Which President Loubet Was Traveling.

Paris, Dec. 17.—The Journal this morning says that an infernal machine was found on the train on which President Loubet was traveling. It consisted of a preserve can, cylindrical in shape, with a time fuse attached, which apparently had gone out. A railroad employe saw the bomb through the window of a car at Saint-Nicolas-Breche while the engine was being shunted. The Versailles authorities and Paris detective headquarters were immediately apprised of the incident and an investigation was begun. The public prosecutor and Examining Magistrate Mangin Boquet, the paper says, will go to Saint-Nicolas today with military engineers and examine the bomb, which weighs about a pound.

FAIR TALK POSTPONED.

The meeting of the board of directors of the Deseret Agricultural & Manufacturing society which was to have been held last night was postponed, owing to the inability of outside members to attend. The meeting will be held early in the new year.

RAYNARD'S REPLY TO SECRETARY

ROOT ON ISLE OF PINES DISPUTE

Havana, Dec. 16.—Charles Raynard, president of the Isle of Pines association, issued today by advice of his attorneys a letter in reply to Secretary of State Root's communication of Nov. 27, in which the secretary outlined to Mr. Raynard the attitude of the United States government toward the proposed formation of the territorial government in the island as part of the United States.

CONTRADICTS ROOT.

Mr. Raynard contradicts Mr. Root's statement that the Isle of Pines is lawfully subject to the Cuban government, and says the Cuban republic exists solely by virtue of a constitution, the terms of which expressly exclude the Isle of Pines from the domain of the republic. The Platt amendment, passed by the United States congress, he says, also remains in force until it is repealed or modified or every officer of the American government, no matter how high, is bound under its terms to consider the Isle of Pines outside the Cuban control and jurisdiction, personal opinions of such officers to the contrary notwithstanding.

RAYNARD ASTONISHED.

In conclusion Mr. Raynard professes astonishment that the secretary of the United States should be so deeply prejudiced against the Philippines and that the secretary of state is so anxious to abandon American territory and American citizens to an alien and lawless government for no consideration and for motives which he seems unwilling to disclose.

CONDITIONS IN PHILIPPINES.

The Montreal Star of a recent date prints a letter from a Manila correspondent, in which it told a remarkable story. This letter says that during a dinner at which Secretary Taft was present, Senor Herrera, alcalde of the city of Manila, made a speech "so incendiary" that, at Mr. Taft's request, it was kept out of the United States papers. In this speech Herrera bitterly denounced Governor Wright and said that the Philippines were sick and tired of Wright and his creatures; that they desired their dismissal; that they were ineradicably biased against colored races, among whom the Filipinos are; cited the assault of a woman by an officer, who had not been punished, as a grievance; stated that the United States had no right to govern the islands as "granter" and "virtue-despoilers," at which point Governor Curry of Samar arose and hurled a full champagne glass at the alcalde. "The paper does not say whether the glass struck the local press and foreign dispatches," says this correspondent. "It is clear the American people do not know what is going on in the Philippines. We note that a recent number of the Manila Ciguenga says that 'when the Taft party was magnificently and lavishly entertained in Cebu, thousands of unkempt and starving natives were driven out of the city into the hills, that their misery might not offend the feelings of the visitors. This, it adds, 'was not the only Philippine made a speech 'so incendiary' that, at Mr. Taft's request, it was kept out of the United States papers.
